From the United States,

RICHMOND, Feb. 2. The Philadelphia Evening Journal was suppressed by Gen. Schenck, for publishing a long editorial praising Davis' message as truthful and noble in contrast with Lincoln's.

NEW YORK, Jan. 30. The arrest of the editor of the Philadel his Evening Journal has caused great exitement. Judge Ludlow, of Philadelphia made the arrest the subject of a special charge to the grand jury. He says the time has arrived when we can no longer hold our peace, when the obligations imposed by caths of office compel us at every hazard to direct the grand jury to inquire

into and determine by whose order and by what persons this arrest has been, made. In the Legislature of Pennsylvania, a rusolution authorizing the Governor to go to Washington and demand his release, was referred to the Committee on Federal Relatione. The Common Branch of the Philadelphia Council adopted a resolution denouncing the arrest as unjust and un. constitutional. The New York World ways the country is indignant and shocked at the arbitrary and tyrannical exercise of power. The friends of the Constitution will henceforth resist all illegal encreachments on individual liberty and free discussion with firmness of conscious strength and the vigor and determination of men thoroughly in earnest.

The Confederate steamer Florida was pursued after leaving Mobile by the Federal steamer Cuyler. Maffit hauled to and gave her a shot, entring away her foremast. The Cuyler was so disabled that she had to cease the pursuit. The New York World says the exploits of the Florida created great excitement in New York on Thursday.

The army of the Potomac is inactive. The snow is eight inches deep.

Gov. Hunter has resigned on account of the Emancipation Proclamation.

A PROCEAMATION BY ZEBULEON B. VANCE.

Governor of the State of North Carolina Whereas, it has been made known to me that a large number of soldiers from our armies are absent from their colors without proper leave, in this the hour of our greatest need, and it being confidently believed that a large tonionity of such were impelled to this course a natural and almost irresistible desired to be ir homes

Smith, in command of the Department of North Carolina, by consent of the Secretary of War, has published an order declaring that all who may soluntarily return to duty by the 10th day of February next, shall be received into their several commands with no other punishment than a feriosiere of their pay for the time they have been so absent without leave; and declaring further that all who do not so re-

VANCE, Governor of the State of North Carolina do assue this my proclamation to all sold-iers from this State, serving in the armies of the Confederacy, who are how illegally about from their colors, commanding them to return to duty with their comrades, and exhorting them to avail themselves of this opportunity of saving their tribads from the disgrace and infamy which will alling forever to the name of a descrier front his

country's cause, and themselves from a felon's death. Many, after charging their country's flag in triumph through various bloody countries and making Momseives a name, of which their children's children might have been justly proud, have fortelted at all by absenting themselves at a montant when their own State is invaded and about to be desolated by a brutal, half savage foe. Now is the time to reinstate themselves, by a prompt return to duty. I appeal to them to stand by their country yet a tittle longer, and not to sally by sesertion the bright and glorious reputation of the State, which they have helped to win on a handred hard fought fields; and I appeal to all good and loval citizens throughout the State to give their influence to induce these men to return. Let no one, unmoved by this appeal to his patriotism and honor, suppose that he can remain at home with impunity; the full power of the State authorities, aided if need be by the Contederacy, shall be put in force to arrest him and bring him to runishment affect the 10th down

him to punishment after the 10th day February next, and there shall be no rest for the deserter in the burders of North Carolina. And let none excuse their de-Carolina. And let none excuse their de-sertion by declaring that they go home to take care of their families; they will add nothing to the comforts of their families by hiding like guilty men in the woods by day, and by plundering their neighbors by night; they only bring shame and suffering upon the heads of the innocent, and their little children, when gray headed old men, will have the finger of scern pointed at them

the heads of the innocent, and their little children, when gray headed old men, will have the finger of scorn pointed at them and the bitter taumt will ring in their ears, "Your father skulked in the woods to keep from fighting for his country."

The State is now trying to provide tood for your families, and each county is making a similar provision; and as your Chief Magistrate I promise you that the wife and child of the soldier who is in the army doing his duty shall share the last bushed of meat in the State. Let every patriot in the land ashist with all his influence in the execution of this preclamation and our victorious ranks will again be filled, and our country soon be rid of the enemy.

CHARLOTTE, No. r. 1, 1862.

The Situation. From the Chattanooga Rebel, Jan. 80th. No demonstrations on the part of

encrantz's army in any direction from Murfreesborough. Everything continues quiet along our front, Morgan's command is out on an expedition, to what point it is not prudent even to intimate, but we prenume he will be heard from soon. Forres and Wheeler, and the rest, are still with the main body of the army. Rumoes are still current that Van Dorn has already crossed the Tennessee, moving north-wardly. A military execution is to take place next Friday-a deserter from the lat Louisiana regiment, who went over to the enemy at the battle of Murireesboro', has been captured and been sentenced to death.

John Morgan, posted with his brigade at McMinnville, is assigned to the defence of that passage way to our extreme right flank. On Saturday last a portion of his men, under command of Col. Hutchingon. (the officer who made the recent and gallant dash into Murfreesboro') rode out on the stage rood, as far as Woodbury, where tidings of an approach of the enemy reached them. Col. Hutchinson threw out skirs mishers one mile in advance, who encountered the Yankee pickets near Wesley Orrans. Our main body came up immediately and a terrible skirmish of several hours ensued.

The number of the enemy was estimated at a full brigade, two regiments of infantry, one of cavalry, a battery of artillery and company of sharp shooters. All our ter a desperate resistance of five hours, 484; at Chimberazo, 526; Camp Winder, the field. Our men then retired, and the cut up. Col, Hutchinson was buried at Mc Minnville on Monday. Our loss was two killed and several wounded.

The cavalry of Buford are expecting an advance upon Buel Grove, but this is not likely to occur, for the line of Rosenerantz seems to be as quiet as ever.

It is reported that Wheeler made a dash in the rear of the enemy, on Monday, and captured a construction train, at Levergne with 100 prisoners who were pareled, then burged the train and tools, and blew up the engine. He then moved up the road towards Murfreesboro, and captured wagon train, which he also destroyed.

Movements of the Enemy. It was rumored yesterday morning that

the enemy had landed troops at a place called Kilkenny, a few miles below Genesis Point, on the main land. The report caused considerable excitement, but no apprehenrepel them, should they attempt an adof gunboats had all disappeared except such a conspicuous part in the bombard advanced on Perryville, on the 7th and 8th. not known where the gunboats have gone. thousand, inlantry, artillery and cavalry. our Sick and Wounded

We are indebted to Col. G. W. Chipley Iredell, and until recently connect with the depot for supplies for our wound ed and sick soldiers at Richmond, (says the Raleigh Progress,) for a tabular statement showing the number of sick and wounded in the different hospitals on the 9th January, from North Carolina, Virginia South Carolina, Georgia, Florida Alabama, Mississippi, Louisiana, Texas, Maryland and Tennessee, At the date mentioned the number of our sick in all the hospitals around Richmond was seventeen hundred and seventy-five, a larger number than any other State We had in force amounted to but three hundred. Afa General Hospitals, from No. 1 to No. 29, Col. Hutchinson fell mortally wounded, 688; Alabama Hospital, 1; South Carolina Mospital, 3; Bellvue, 46; Henningsen, 2; Medical College, 2; Soldiers Home, 7; Yankees fell back to Reedyville very much | Howard's Grove, 97; Robertson, 5; Eastern District, 14.

Many of these brave men are suffering from wounds received in battle, while others are lingering with disease contracted in camp. Each one of these sufferers have sorrowing friends and weeping relatives at home who would gladly minister to their wants could they reach them, but coive all the attention it is possible for them to have under the circumstances, but those who have never gone through an army hospital and seen the insolence of ward-masters the instantion of nurses, and sometimes the indifference of aur geous, know but little of the sufferings of the soldier. Taking it for granted I have shown the rights at Illinois have been invaded by the Federal Covernment, and that serious injuries have been inflicted upon her people by its action, and that the miserable plea of "necessity" is a poor subterfuge. I come to demands. And what I demand firstly is, that the people of Illinois shall be respected in all their right, that their State Government shall not be despised nor contemued by falledy assumed Federal authority, and, econdly, that this ties enument use its employees to take out from the midst of a soverer or thought invaded people, that people to my constituents alike detestable and dest denve.
